CVSTOS
THE TIME KEEPER

USER MANUAL

METROPOLITAN
PETITE SECONDE SQLT

0. SCREW-DOWN CROWN

In this initial position,
your watch is water-resistant up to 50 meters

1. HAND-WINDING

Unscrew the crown in position 1;
Turn the crown in a clockwise direction

2. SETTING THE DATE

Do not adjust the date between 9 pm and 3 am

Pull the crown in position 2;
Turn the crown in a clockwise direction.
This setting is also necessary for months with less than 31 days

3. TIME SETTING

Pull the crown in position 3;
Turn the crown until the correct time is displayed

4. DATE DISK

The date is indicated through a skeleton disk
developed by CVSTOS TECHNOLOGY

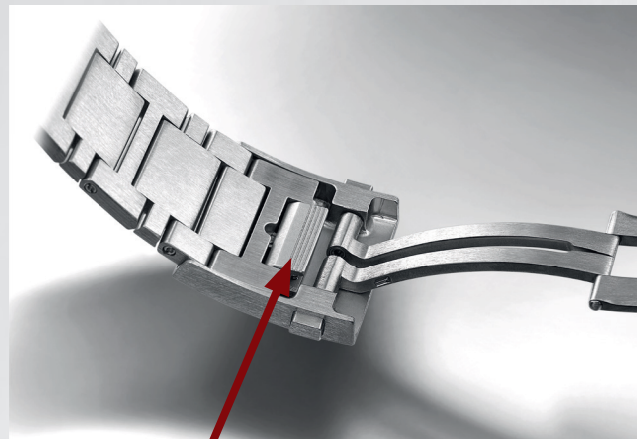

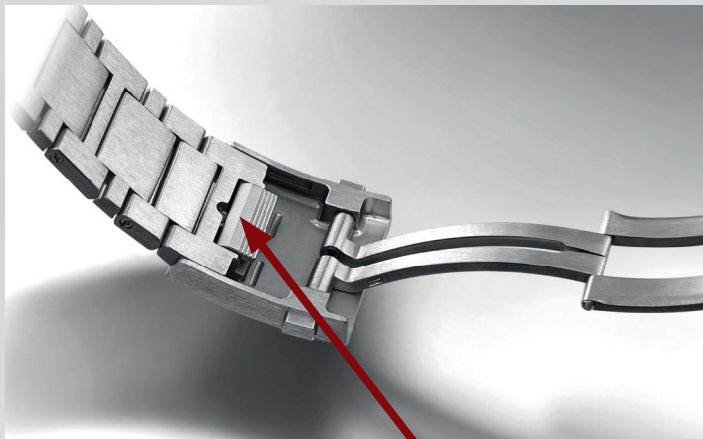

5. SECONDS AT 6 O'CLOCK

The second is indicated through a « trident » hand

Do not forget to tighten the crown after each manipulation

METROPOLITAN

CVSTOS
THE TIME KEEPER

The highly adjustable comfort extension system allows up to 6 mm tuning length

Featuring a tool-free interchangeability, a patented system, activated by a single push-piece integrated behind the lugs, enables an easy swap between the Grade 5 Titanium bracelet and the rubber or alligator leather straps.
