CHALLENGE
SEALINER THIRTY6

REDEFINING ELEGANCE IN SIZE 36

Cvstos innovates with the Sealer PS Thirty6, introducing a 36mm size for a sleek and adaptable look for all wrists. Marking a significant evolution in its iconic collection. Speed, power and elegance underline this exceptional timepiece, where the aesthetic codes of mega yachts and streamlined design converge to form a bond that will propel the Cvstos Sealer PS towards new horizons

VISUAL CLARITY AND TEAK WOOD CREATE AN UNMISTAKABLE IDENTITY

Designed in a nautical spirit, the Sealer Thirty6 retains the important hallmarks of the collection, such as the dial made of genuine teak wood, and the small seconds indicator inspired by a yacht propeller. The balance between dauphine hands and Super Luminova-coated bevelled hour-markers adds a touch of refinement to time-reading.

DISCOVER UNEXPECTED PERSPECTIVES THROUGH SAPPHIRE CRYSTAL PORTHOLES

Polished and satin-finished, the 36 x 47mm tonneau-shaped case asserts its identity and refinement through the purity of its lines and the geometric harmony of its curves, while additional engravings reinforce the nautical spirit. Four porthole-shaped openings on the case sides invite the eye to discover the mechanism and the arrangement of its components. Fitted with a screw-down crown, the case is water-resistant to 100 meters. The Sealiner Thirty6 is worn on a rubber or alligator leather strap.

TECHNICAL DATA SHEETS

Calibre : In-house calibre CVS410.

Self-winding mechanical movement.

Rhodium treated.

42 hours of power-reserve.

4 Hz (28'800 vibrations per hour).

21 jewels.

Functions : Hour, minutes, small seconds.

Case : Challenge tonneau-shaped case, 47.20mm X 36mm.

Available in 5N Red Gold, Steel and Sapphire.

Version available with a SkyBlue Steel.

Crystal : Sapphire with none-reflecting double coating. Open caseback with sapphire crystal.

Screws: Grade 5 titanium or 5N Red Gold, exclusive Cvstos Technology.

Matt surface finishing effect obtained by sandblasting and micro-bead-blasting.

Screw-down crown, Grade 5 titanium or 5N Red Gold with a rubber insert.

Water-resistance tested at a pressure of 10 bar (100 meters).

Dial : Teck wood base. Rhodium or gold plated applied.

Surface finish: polished and cote de Genève.

Date magnifying

Hour-markers: Highlighted with Super-Luminova.

Hands: Pierced, PVD coated and Super Luminova treated.

Strap : Rubber or Alligator with pin buckle.
